New high gloss colours for Designer home office range

Hepplewhite, the independent fitted furniture specialist, has unveiled a new selection of high gloss colour options to enhance its office furniture range for the professional home office.

The Designer home office range is ergonomically designed to create the perfect environment for work and study. The new gloss colour options reflect the current trends for modern gloss finishes as well as enabling customers to create a more distinctive environment.

The range which is available in three modern finishes walnut, beech and white are now complemented by a choice of high gloss coloured fascias in liquorice, plum, mushroom, cream or frost to create a unique and stylish look.

The Designer range offers every function that is required of a working office from space-saving features such as pull-out shelves for scanners and printers to the heavy load capacity of the filing drawers.

Hepplewhite has been manufacturing professional home office furniture for over 10 years and has a wealth of experience in this sector.

Hepplewhite specialises in serving the independent retailer. There are currently over 100 Hepplewhite retailers in the UK. For more information please visit www.hepplewhitefittedfurniture.co.uk
