HEPPLEWHITE LAUNCHES STYLISH KINGSBURY RANGE

Hepplewhite Fitted Furniture, specialist supplier to the UK's independent bedroom retailers, has added a new range to its extensive portfolio of fitted bedroom furniture.

The Kingsbury is a stunning collection of classically designed furniture which works on the 'less is more' principal of Shaker design, creating a calm and uncluttered look.

The range is available in oak, or a rich gardenia, providing a simple, elegant and understated design for modern bedrooms. The usual comprehensive selection of co-ordinating low level furniture and many range specific items are available to offer endless design opportunities and a bespoke look.

Graham Jones, trade and marketing director of Hepplewhite comments: "The Kingsbury range is a nod to the volume sales opportunity presented by a cost competitive version of a timeless and popular design. Kingsbury can create a warm, traditional boudoir or one with a cool, contemporary twist depending on which material is used and how it is dressed.

Hepplewhite has been making fitted bedroom furniture for two generations and specialises in serving the independent retailer. There are currently over 100 Hepplewhite retailers in the UK. For more information please visit 'www.hepplewhitefittedfurniture.co.uk'.
